

Jennifer Ferreira

OT Reg. (Ont.)
(11+ years' experience)

Occupational Therapy
Functional Abilities Evaluations
Job and Worksite Assessments
Ergonomic Assessments

"Getting to know people – understanding them, is important. Every person, client or evaluatee, is unique – same gender, same age, same injury, but they could be from completely different social backgrounds or physical environments. My knowledge of how people progress from acute injury through the entire rehab process gives me the background to prepare objective and realistic evaluations.

On the personal side we enjoy family camping and outdoor activities like hiking, swimming, and cycling."
